

PRESS RELEASE

Bio-Sciences Department of Govt. P G College Rajouri **Organizes An Extension Lecture**

The Department of Zoology and Botany of Govt. P.G. College Rajouri organized an extension lecture on Bee keeping and Bee farming. Dr. S.K. Dhavan from the department of Agriculture was the expert speaker. The welcome address was presented by Prof. Manzoor Dar.

In the interactive session the students raised many queries which were cleared by Dr. Dhavan and Prof. Mangat Ram Sharma, Head Department of Zoology. Dr. Dhavan inspired and motivated the students to set up the Apiculture units for domestic and commercial purpose as with minimum input there is maximum output. He assured the students to provide technical and vocational assistance to set up the units.

In his presidential address Prof. S.H. Shah appreciated the efforts of the faculty for organizing such programmes for the students. He also announced to start a vocational certificate course in Mushroom Cultivation, Sericulture and Bee keeping.

Prof. Mangat Ram Sharma presented vote of thanks, Prof. Shahid and Prof. Harshvardan of Zoology department were also present. The programme was attended by all the students of B. Sc. Part-III.
